School Tours and Information Sessions Mandatory for Interested Families

Voyager Public Charter School is a school of choice. The philosophy and learning methodologies were set forth in the original plan to the Board of Education in 2000.

When a family chooses to become a part of our learning community they are joining, not just because “it is better than my neighborhood school” or because of the convenient downtown location, but because they understand the various aspects of the Voyager program and desire that kind of learning experience for their child. Parent support of our methodologies and principles is critical to a strong school-home partnership and a key factor in student engagement and success.

Interested families are required to attend a school tour and information session prior to accepting an available student position. Tours are held in the morning while school is in session and in the evening for those not available during the day. Information presentations are designed for adults and child care is not provided. We believe that the decision to enroll a child in a particular program should be made by well-informed parents who agree with and support the program philosophy.

Please call Jasmine or Kyllie at 521-9770 to sign up for an information session.
